## **WORK HISTORY:**

Christenson Farms (Family owned)                      2015 – Present

Quenemo, Kansas

Farmer: My duties include operating and maintaining heavy-equipment and agricultural equipment. I am responsible for planting corn, soybeans, alfalfa, clover, turnips, and rye. Other duties include building and repairing fencing and gates, spraying weeds, watering plants and trees, mowing and trimming the lawn, cutting the trails and around the ponds, stocking the ponds with fish and feeding the fish, maintaining and abiding by regulations on CRP land (Conservation Reserve Program), repairing equipment, keeping the entire place clean and tidy, managing the land that we rent out to local farmers and ranchers, and leveling out the gravel roads and driveway.

High Point Ranch (Family owned)                      2007 - 2015

Melvern, Kansas

Farmer: My duties included operating and maintaining heavy-equipment and agricultural equipment. I was responsible for planting corn, soybeans, alfalfa, and clover. Also, I was responsible for manicuring the land. This included mowing and trimming the lawn, using a rotary cutter to cut the trails, and maintaining the landscape. Other duties included building and repairing fencing, spraying weeds, and watering plants and fruit trees.
